Dear Mr. Penner,

**RE: Water Delivery Issue in Tagish**

---

Thank you for your email, dated January 6, 2017, regarding water delivery issues in Tagish.

I appreciate you reaching out to Yukon government for the purpose of assisting seniors and other people in the community who are looking for a solution for water delivery. I understand that you recently met with Community Services officials, Carolyn Moore and Dwayne Muckosky, to discuss this issue.

My understanding is that Community Services is following up to obtain a list of names and to contact those individuals in Tagish who are requiring water delivery. Once we understand in more detail the extent of the local demand, department officials will connect with private service providers to estimate the cost to clients based on a private fee for service arrangement.

I have asked department officials to follow up directly with you to provide updates on this initiative.

Once again, thank you for your involvement in this issue. Yukon government is pleased to work with you and the Tagish Local Advisory Council in order to address essential services for residents in the community.

Sincerely,

John Streicker  
Minister of Community Services
